HAZARDOUS WASTE GENERATOR FEE RETURN INSTRUCTIONS

GENERAL INFORMATION

The Generator Fee is imposed on each site that generates (produces) hazardous waste of 5 tons or more in each calendar year. The fee is calculated for each site's generation of waste regardless of the waste's final disposition (i.e., recycling or disposal).

EXEMPTIONS FROM THE GENERATOR FEE

- 1) Used oil removed from motor vehicles that is recycled by a recycler permitted by the Department of Toxic Substances Control. "Motor vehicle" includes locomotives, vessels, and self-propelled, off-road equipment, whether or not the equipment moves or is permitted to move on public highways.
- 2) Waste that is generated, recycled, and used onsite and not transferred offsite at any time.
- 3) Aqueous waste treated in a treatment unit operating, or which subsequently operates, under a permit by rule, conditional authorization, or conditional exemption. However, hazardous waste generated by the treatment unit is subject to the generator fee.

EXEMPTION FROM THE DISPOSAL FEE

The disposal site operator is not required to collect the fee if the person submitting the waste for disposal provides written evidence from the generator of the waste, as shown on the originating hazardous waste manifest, that the waste is exempt from the fee. The written evidence must accompany the manifest and contain the following information:

- Name of generator
- Site address where waste was generated
- EPA number for the generating site
- Generator's Board of Equalization account number, if the generator is registered
- Type of waste submitted for disposal
- Specific explanation of the reason the waste is exempt from the fee or subject to the cleanup rate
- Signature and printed name of the person making the statement
- Telephone number and address of contact person for the generator

For audit purposes, the written evidence should be retained in your files along with a copy of the Uniform Hazardous Waste Manifest.

FILING REQUIREMENTS

Every person who produces hazardous waste must file this return. Fee returns and payments that are mailed must be postmarked on or before the due date shown on the return. If the due date falls on a Saturday, Sunday, or legal holiday, returns postmarked on the next business day are considered timely. This return must be filed even though you have no liability for the fee. Failure to file may result in the imposition of civil penalties. Late payment will result in a penalty of 10 percent (0.10) and interest at an adjusted annual rate established under section 6591.5 of the Revenue and Taxation Code. Facility operators who pay the Facility Fee are not subject to the Generator Fee for the facility site.

PAYMENT BY ELECTRONIC FUNDS TRANSFER

If you are registered to pay by EFT, please remember that:

- A payment is considered to be timely if it is both initiated on or before the tax due date **and** if the funds transfer into the Board of Equalization's bank account on the first banking day following the day the payment is initiated.
- Making your payment by EFT does not relieve you of the requirement to file your return by the due date. **Note: The reporting due dates and filing requirements have not changed.**

If you would like to file your return by fax, our fax number is 916-327-0859. If you are not registered to pay by EFT and would like to be, please contact us at 916-322-9534.

FILING INSTRUCTIONS

Please select the appropriate fee category in column A on the front of the return for each site where hazardous waste was generated in this state. Multiply the number of generating sites in column B by the amount of fees in column C and enter the amount of fees due in column D.

If you are reporting for more than one site, please use the enclosed Schedule G or provide the site address, EPA number, and appropriate fee category for each site on an attachment.

PREPAYMENT CREDIT (LINE 11)

Some accounts were required to file a prepayment by August 31. If you paid a prepayment, enter on line 11 the amount of fee paid. If delinquency charges were paid, **do not** include those amounts in the credit. If, after claiming the prepayment, the total amount due and payable on line 15 is a credit, include a letter with your return requesting the amount be refunded to you.

**If you wish additional information, please contact the State Board of Equalization, Environmental Fees Division,
PO Box 942879, Sacramento, CA 94279-0057, Telephone 916-323-9555.**
